

# NewerTech Wireless Aluminum Keypad

## Great Design Meets Great Performance

Beautiful and durable. The keypad you need. For everywhere.

The NewerTech Wireless Bluetooth Keypad is the workhorse addition to a clutter-free, wireless workspace. Finally, functionality meets aesthetics in a wireless keypad built to last and designed to perform without compromise. The NewerTech Keypad is the answer.

A precision machined, aluminum housing design, with comfortable, wide-spaced island keys makes the NewerTech Keypad the perfect companion to the Apple wireless keyboard, laptops, iPhone, and iPad. But it's not just a pretty face. We know that good looks only go so far, so we worked with accounting professionals to get every detail of this keypad just right, including key-throw, feel, design, size, and connectivity.

## Not all Bluetooth Keypads are Created Equal

We developed the NewerTech Keypad to perform exactly the way we expect Bluetooth devices to work. Bluetooth pairing is quick and reliable, and reconnects automatically when the computer or device is awakened or restarted.

- Precision machined aluminum housing
- Quick Bluetooth setup that stays connected with up to 30 ft of range
- Full-sized 28-key design with: delete, tab, navigation, and more
- Ergonomic tilt with firm desktop grip
- Lightweight and perfectly sized for mobile or desktop use
- Attaches to Apple's wireless keyboard or trackpad with the included bracket
- Long battery life
- Elegant illustrative keys
- Compatible with Bluetooth enabled Mac, PC, and iDevices
- Available with black keys to complement Apple laptops or white keys to complement Apple keyboards

## The Keys to a Better Work Life

The NewerTech Keypad is perfect for international finance professionals, such as accountants and analysts, as well as students, teachers, administrators, programmers, and more. It's the ideal tool to streamline numeric data input.

With an ergonomic tilt, the NewerTech Keypad is not only comfortable to use, it also helps to prevent wrist strain. The responsive full-sized keys assist with accuracy and efficiency. Lightweight, compact, sturdy and durable, it's a great companion for working anywhere!!!

Available with either black, or white keys, your customers can complement their Apple laptop, Apple keyboard, iDevice, or PC. Outstanding Bluetooth connectivity enables global users to take the NewerTech Keypad wherever they go and work cable-free.

Empower your international customers to upgrade their numeric capabilities with the NewerTech Wireless Keypad today!

Compatible with Bluetooth equipped Mac & PC, iPhone 3GS or newer, iPad and iPod touch 3rd gen or newer.
